

Complete Video Mapping: Udemy Course → SAA-C03 Domains & Tasks

Domain 1: Design Secure Architectures (30%)

Task 1.1 – Design secure access to AWS resources

Video #	Video Title
11	IAM Introduction: Users, Groups, Policies
12	IAM Users & Groups Hands On
13	AWS Console Simultaneous Sign-in
14	IAM Policies
15	IAM Policies Hands On
16	IAM MFA Overview
17	IAM MFA Hands On
18	AWS Access Keys, CLI and SDK
19	AWS CLI Setup on Windows
20	AWS CLI Setup on Mac OS X
21	AWS CLI Setup on Linux
22	AWS CLI Hands On
23	AWS CloudShell: Region Availability
24	AWS CloudShell
25	IAM Roles for AWS Services
26	IAM Roles Hands On
27	IAM Security Tools
28	IAM Security Tools Hands On
29	IAM Best Practices
30	IAM Summary
285	Organizations - Overview
286	Organizations - Hands On
287	Organizations - Tag Policies
288	IAM - Advanced Policies
289	IAM - Resource-based Policies vs IAM Roles
290	IAM - Policy Evaluation Logic
291	AWS IAM Identity Center
292	AWS Directory Services
293	AWS Directory Services - Hands On

Video #	Video Title
294	AWS Control Tower

Task 1.2 – Design secure workloads and applications

Video #	Video Title
35	Security Groups & Classic Ports Overview
36	Security Groups Hands On
43	EC2 Instance Roles Demo
308	Web Application Firewall (WAF)
309	Shield - DDoS Protection
310	Firewall Manager
311	WAF & Shield - Hands On
312	DDoS Protection Best Practices
313	Amazon GuardDuty
315	Amazon Macie
325	Bastion Hosts
326	Bastion Hosts Hands On
332	NACL & Security Groups
333	NACL & Security Groups Hands On
340	Site to Site VPN, Virtual Private Gateway & Customer Gateway
341	Site to Site VPN, Virtual Private Gateway & Customer Gateway Hands On
353	AWS Network Firewall

Task 1.3 – Determine appropriate data security controls

Video #	Video Title
150	S3 Encryption
151	About DSSE-KMS
152	S3 Encryption - Hands On
153	S3 Default Encryption
156	S3 MFA Delete
157	S3 MFA Delete Hands On
158	S3 Access Logs
159	S3 Access Logs - Hands On
162	Glacier Vault Lock & S3 Object Lock
296	Encryption 101
297	KMS Overview

Video #	Video Title
298	KMS Hands On w/ CLI
299	KMS - Multi-Region Keys
300	S3 Replication with Encryption
301	Encrypted AMI Sharing Process
302	SSM Parameter Store Overview
303	SSM Parameter Store Hands On (CLI)
304	AWS Secrets Manager - Overview
305	AWS Secrets Manager - Hands On
306	AWS Certificate Manager (ACM)
307	AWS CloudHSM
314	Amazon Inspector

Domain 2: Design Resilient Architectures (26%)

Task 2.1 – Design scalable and loosely coupled architectures

Video #	Video Title
70	High Availability and Scalability
71	Elastic Load Balancing (ELB) Overview
72	Application Load Balancer (ALB)
73	Application Load Balancer (ALB) - Hands On - Part 1
74	Application Load Balancer (ALB) - Hands On - Part 2
75	Network Load Balancer (NLB)
76	Network Load Balancer (NLB) - Hands On
77	Gateway Load Balancer (GWLB)
83	Auto Scaling Groups (ASG) Overview
84	Auto Scaling Groups Hands On
85	Auto Scaling Groups - Scaling Policies
86	Auto Scaling Groups - Scaling Policies Hands On
182	Introduction to Messaging
183	Amazon SQS - Standard Queues Overview
184	SQS - Standard Queue Hands On
185	SQS - Message Visibility Timeout
186	SQS - Long Polling
187	SQS - FIFO Queues
188	SQS + Auto Scaling Group

Video #	Video Title
189	Amazon Simple Notification Service (AWS SNS)
190	SNS and SQS - Fan Out Pattern
191	SNS - Hands On
192	Amazon Kinesis Data Streams
193	Amazon Kinesis Data Streams - Hands On
196	SQS vs SNS vs Kinesis
197	Amazon MQ
198	Docker Introduction
199	Amazon ECS
200	Creating ECS Cluster - Hands On
201	Creating ECS Service - Hands On
202	Amazon ECS - Auto Scaling
203	Amazon ECS - Solutions Architectures
205	Amazon ECR
206	Amazon EKS - Overview
207	Amazon EKS - Hands On
212	Serverless Introduction
213	Lambda Overview
214	Lambda Hands-On
216	Lambda Concurrency
217	Lambda Concurrency - Hands On
220	Lambda in VPC
276	EventBridge Overview (formerly CloudWatch Events)
277	Amazon EventBridge - Hands On
365	Event Processing in AWS

Task 2.2 – Design highly available and/or fault-tolerant architectures

Video #	Video Title
78	Elastic Load Balancer - Sticky Sessions
79	Elastic Load Balancer - Cross Zone Load Balancing
80	Elastic Load Balancer - SSL Certificates
81	Elastic Load Balancer - SSL Certificates - Hands On
82	Elastic Load Balancer - Connection Draining
87	Amazon RDS Overview
88	RDS Read Replicas vs Multi AZ

Video #	Video Title
89	Amazon RDS Hands On
91	Amazon Aurora
92	Amazon Aurora - Hands On
93	Amazon Aurora - Advanced Concepts
105	Route 53 - EC2 Setup
111	Route 53 - Health Checks
112	Route 53 - Health Checks Hands On
113	Routing Policy - Failover
119	Route 53 Resolvers & Hybrid DNS
354	Disaster Recovery in AWS
355	Elastic Disaster Recovery (DRS)
360	AWS Backup
361	AWS Backup - Hands On
368	EC2 Instance High Availability

Domain 3: Design High-Performing Architectures (24%)

Task 3.1 – Determine high-performing and/or scalable storage solutions

Video #	Video Title
56	EBS Overview
57	EBS Hands On
58	EBS Snapshots
59	EBS Snapshots - Hands On
62	EC2 Instance Store
63	EBS Volume Types
66	Amazon EFS
67	Amazon EFS - Hands On
68	EFS vs EBS
128	S3 Overview
129	S3 Hands On
139	S3 Storage Classes Overview
140	S3 Storage Classes Hands On
141	S3 Express One Zone
147	S3 Performance
175	Amazon FSx

Video #	Video Title
176	Amazon FSx - Hands On
177	Storage Gateway Overview
178	Storage Gateway Hands On
180	DataSync - Overview

Task 3.2 – Design high-performing and elastic compute solutions

Video #	Video Title
32	EC2 Basics
33	Create an EC2 Instance with EC2 User Data
34	EC2 Instance Types Basics
44	EC2 Instance Purchasing Options
45	Spot Instances & Spot Fleet
46	EC2 Instances Launch Types Hands On
49	EC2 Placement Groups
50	EC2 Placement Groups - Hands On
54	EC2 Hibernate
55	EC2 Hibernate - Hands On
125	Instantiating applications quickly
126	Beanstalk Overview
127	Beanstalk Hands On
208	AWS App Runner
209	AWS App Runner - Hands On
210	AWS App2Container
215	Lambda Limits
218	Lambda SnapStart

Task 3.3 – Determine high-performing database solutions

Video #	Video Title
90	RDS Custom for Oracle and Microsoft SQL Server
94	RDS & Aurora - Backup and Monitoring
95	RDS Security
96	RDS Proxy
97	ElastiCache Overview
98	ElastiCache Hands On
99	ElastiCache for Solution Architects

Video #	Video Title
222	Amazon DynamoDB
223	Amazon DynamoDB - Hands-On
224	Amazon DynamoDB - Advanced Features
233	Choosing the right database
234	RDS
235	Aurora
236	ElastiCache
237	DynamoDB
238	S3
239	DocumentDB
240	Neptune
241	Keyspaces (for Apache Cassandra)
242	Timestream

Task 3.4 – Determine high-performing and/or scalable network architectures

Video #	Video Title
165	CloudFront Overview
166	CloudFront with S3 - Hands On
167	CloudFront - ALB/EC2 as an Origin
168	CloudFront - Geo Restriction
169	CloudFront - Cache Invalidation
170	AWS Global Accelerator - Overview
171	AWS Global Accelerator - Hands On
317	CIDR, Private vs Public IP
318	Default VPC Overview
319	VPC Overview
320	VPC Hands On
321	Subnet Overview
322	Subnet Hands On
323	Internet Gateways & Route Tables
324	Internet Gateways & Route Tables Hands On
327	NAT Instances
328	NAT Instances Hands On
329	NAT Gateways
330	NAT Gateways Hands On

Video #	Video Title
331	Regional NAT Gateway
334	VPC Peering
335	VPC Peering Hands On
336	VPC Endpoints
337	VPC Endpoints Hands On
338	VPC Flow Logs
339	VPC Flow Logs Hands On + Athena
344	Transit Gateway
345	VPC Traffic Mirroring
346	IPv6 for VPC
347	IPv6 for VPC - Hands On
348	Egress Only Internet Gateway
351	VPC Section Summary
352	Networking Costs in AWS

Task 3.5 – Determine high-performing data ingestion and transformation solutions

Video #	Video Title
194	Amazon Data Firehose
195	Amazon Data Firehose - Hands On
243	Athena
244	Athena Hands On
245	Redshift
246	OpenSearch (ex: ElasticSearch)
247	EMR
248	QuickSight
249	Glue
250	Lake Formation
251	Amazon Managed Service for Apache Flink
252	Amazon Managed Service for Apache Flink - Hands On
253	MSK - Managed Streaming for Apache Kafka
254	Big Data Ingestion Pipeline

Domain 4: Design Cost-Optimized Architectures (20%)

Task 4.1 – Design cost-optimized storage solutions

Video #	Video Title
31	AWS Budget Setup
64	EBS Multi-Attach
142	S3 Lifecycle Rules (with S3 Analytics)
143	S3 Lifecycle Rules - Hands On
144	S3 Requester Pays
149	S3 Storage Lens
163	S3 Access Points
179	AWS Transfer Family
181	All AWS Storage Options Compared

Task 4.2 – Design cost-optimized compute solutions

Video #	Video Title
219	Lambda@Edge & CloudFront Functions
377	SSM Other Services
380	AWS Outposts
381	AWS Batch
384	Instance Scheduler on AWS

Task 4.3 – Design cost-optimized database solutions

Video #	Video Title
100	List of Ports to be familiar with

Task 4.4 – Design cost-optimized network architectures

Video #	Video Title
342	Direct Connect & Direct Connect Gateway
343	Direct Connect + Site to Site VPN

Cross-Domain / Foundational (Supports Multiple Domains)

Video #	Video Title
1	Course Introduction
2	Lectures you can skip
3	Creating an AWS Account
4	AWS Account Activation Troubleshooting

Video #	Video Title
5	Important Message
6	About your instructor
7	Slides and Code Download
8	AWS Cloud Overview - Regions & AZ
9	AWS Console UI Update
10	Tour of the AWS Console & Services in AWS
37	SSH Overview
38	How to SSH using Linux or Mac
39	How to SSH using Windows
40	How to SSH using Windows 10
41	SSH Troubleshooting
42	EC2 Instance Connect
47	Private vs Public vs Elastic IP
48	Private vs Public vs Elastic IP Hands On
51	Elastic Network Interfaces (ENI) - Overview
52	Elastic Network Interfaces (ENI) - Hands On
53	ENI - Extra Reading
60	AMI Overview
61	AMI Hands On
65	EBS Encryption
69	EBS & EFS - Section Cleanup
101	What is a DNS ?
102	Route 53 Overview
103	Route 53 - Registering a domain
104	Route 53 - Creating our first records
106	Route 53 - TTL
107	Route 53 CNAME vs Alias
108	Routing Policy - Simple
109	Routing Policy - Weighted
110	Routing Policy - Latency
114	Routing Policy - Geolocation
115	Routing Policy - Geoproximity
116	Routing Policy - IP-based
117	Routing Policy - Multi Value
118	3rd Party Domains & Route 53
120	Route 53 - Section Cleanup

Video #	Video Title
121	Solutions Architecture Discussions Overview
122	WhatsTheTime.com
123	MyClothes.com
124	MyWordPress.com
130	S3 Security: Bucket Policy
131	S3 Security: Bucket Policy Hands On
132	S3 Website Overview
133	S3 Website Hands On
134	S3 Versioning
135	S3 Versioning - Hands On
136	S3 Replication
137	S3 Replication Notes
138	S3 Replication - Hands On
145	S3 Event Notifications
146	S3 Event Notifications - Hands On
148	S3 Batch Operations
154	S3 CORS
155	S3 CORS Hands On
160	S3 Pre-signed URLs
161	S3 Pre-signed URLs - Hands On
164	S3 Object Lambda
172	AWS Snow Family Overview
173	AWS Snow Family Hands On
174	Architecture: Snowball into Glacier
204	Amazon ECS - Clean Up - Hands On
211	About the Serverless Section
221	RDS - Invoking Lambda & Event Notifications
225	API Gateway Overview
226	API Gateway Basics Hands-On
227	Step Functions
228	Amazon Cognito Overview
229	Mobile Application: MyToDoList
230	Serverless Website: MyBlog.com
231	MicroServices Architecture
232	Software updates distribution
255	Rekognition Overview

Video #	Video Title
256	Transcribe Overview
257	Polly Overview
258	Translate Overview
259	Lex + Connect Overview
260	Comprehend Overview
261	Comprehend Medical Overview
262	SageMaker AI Overview
263	Kendra Overview
264	Personalize Overview
265	Textract Overview
266	Machine Learning Summary
267	AWS Monitoring - Section Introduction
268	CloudWatch Metrics
269	CloudWatch Logs
270	CloudWatch Logs - Hands On
271	CloudWatch Logs - Live Tail - Hands On
272	CloudWatch Agent & CloudWatch Logs Agent
273	CloudWatch Alarms
274	CloudWatch Alarms Hands On
275	CloudWatch Network Synthetic Monitor
278	CloudWatch Insights and Operational Visibility
279	CloudTrail Overview
280	CloudTrail Hands On
281	CloudTrail - EventBridge Integration
282	AWS Config - Overview
283	AWS Config - Hands On
284	CloudTrail vs CloudWatch vs Config
295	AWS Security - Section Introduction
316	Section Introduction
349	Egress Only Internet Gateway Hands On
350	Section Cleanup
356	Database Migration Service (DMS)
357	Database Migration Service (DMS) - Hands On
358	RDS & Aurora Migrations
359	On-Premises Strategies with AWS
362	Application Migration Service (MGN)
